TIME

Each of us during our lifetimes must deal with time — this elusive element that is the only constant in our lives.

We all have time — and yet we don't. We have a lifetime — yet the only moment we really have is this very second.

We build our lives around time — sometimes called life cycles. At this time of our lives we are engaged in experiencing our teenhood.

It is the time of our lives when we grow so much — when we begin to learn who we are and what we want to be.

It is a sometimes joyful time; the sadness comes when we realize that we can never relive this time. But for now, we live and share the time that is ours.

To Save You Time . . .

Annual
Staff
1983-1984

Mrs. Baldock

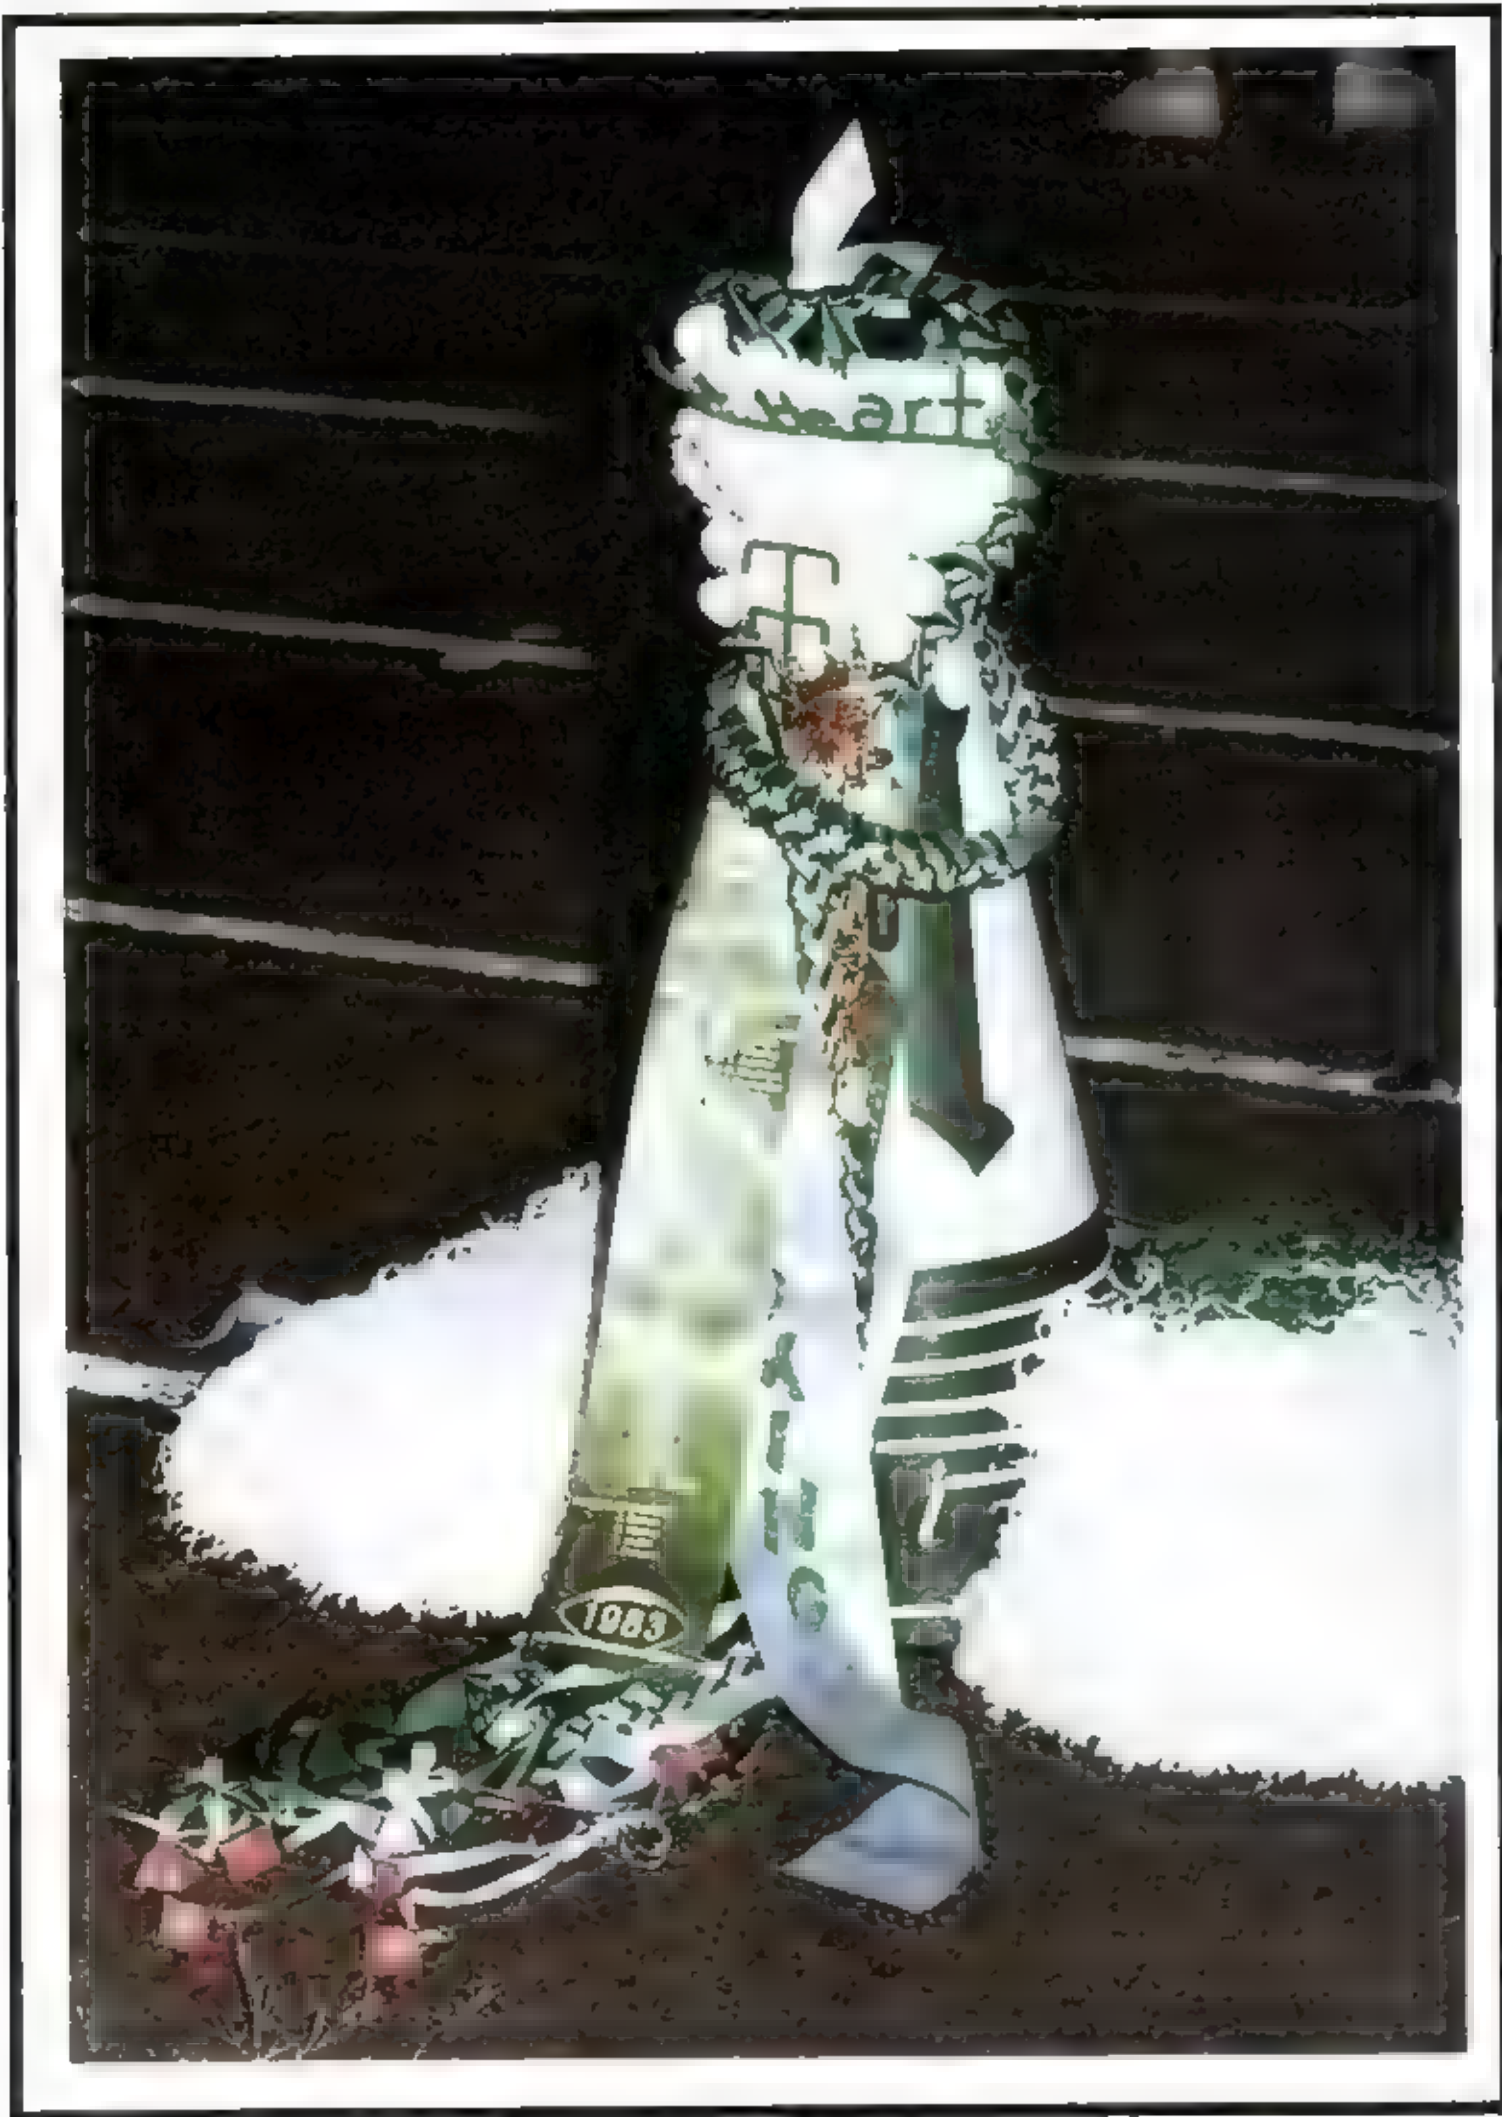

We Take Time to Thank . . .

Mr. James Brown

Four years ago, Mr. Brown came to Tech to teach, and we have not been the same since! He became sponsor for the Class of '84, and we have done things never done here before. We are especially grateful for his part in making Homecoming '83 one of the biggest we have ever had.

The Annual Staff thanks you, Mr. Brown, for your energy, enthusiasm, and your commitment to this student body.

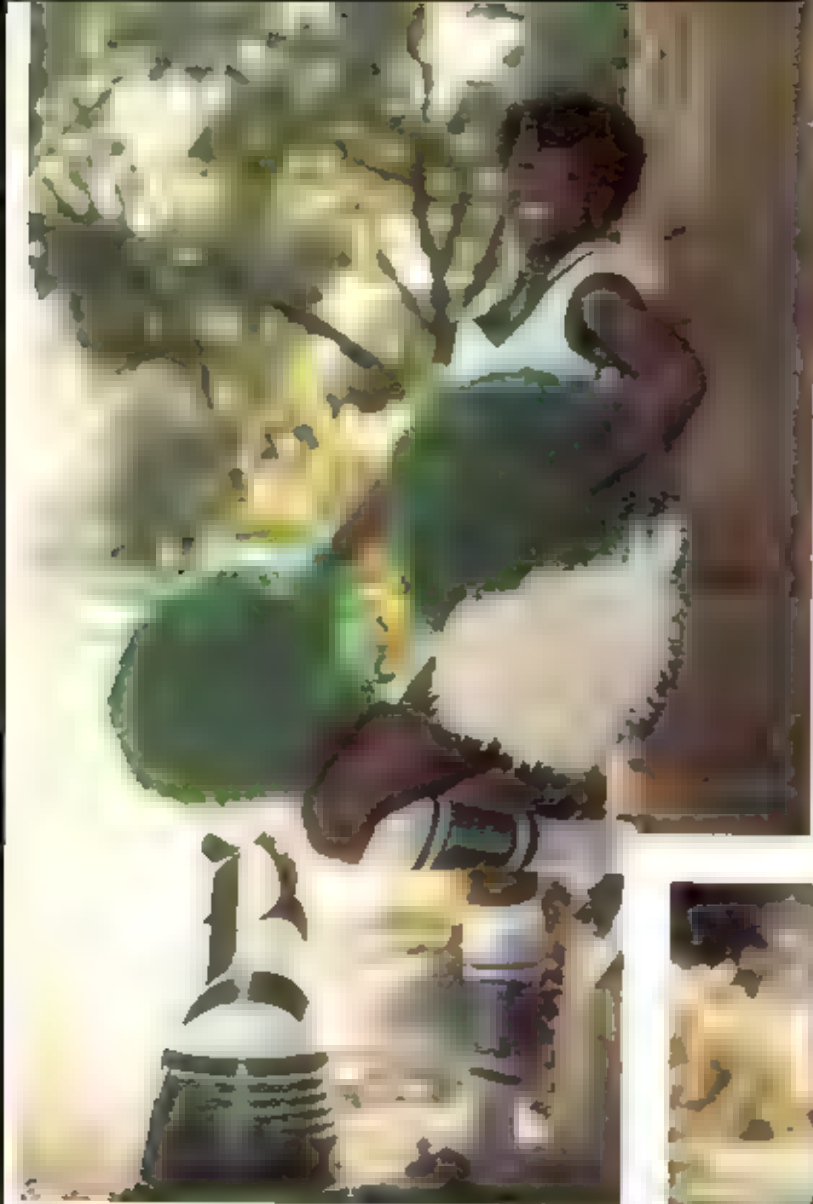

Tech's on Top!

One of our yells says, "Tech's on top and we're victory-bound. We've got the power, the might to drive you to the ground with our big, green spirit and our Bulldog pride. Bulldogs over all, we're gonna win this game tonight!"

Tech IS on top this year!

Our athletic teams have never done better. Our enrollment is growing because more students across the city want to come here. And test scores show that we are achieving more academically.

Yea for us!

Homecoming

Homecoming —
Time for
Celebration

1983-1984

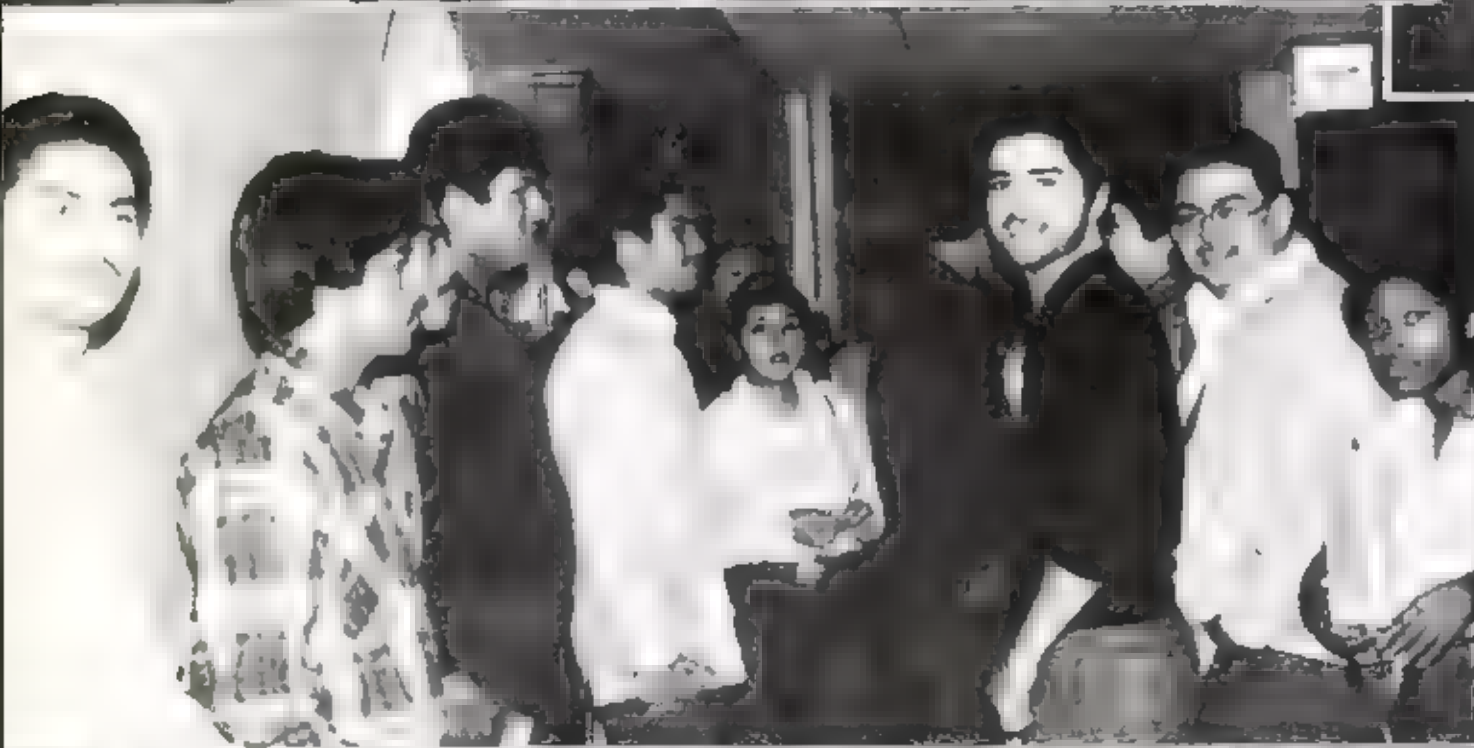

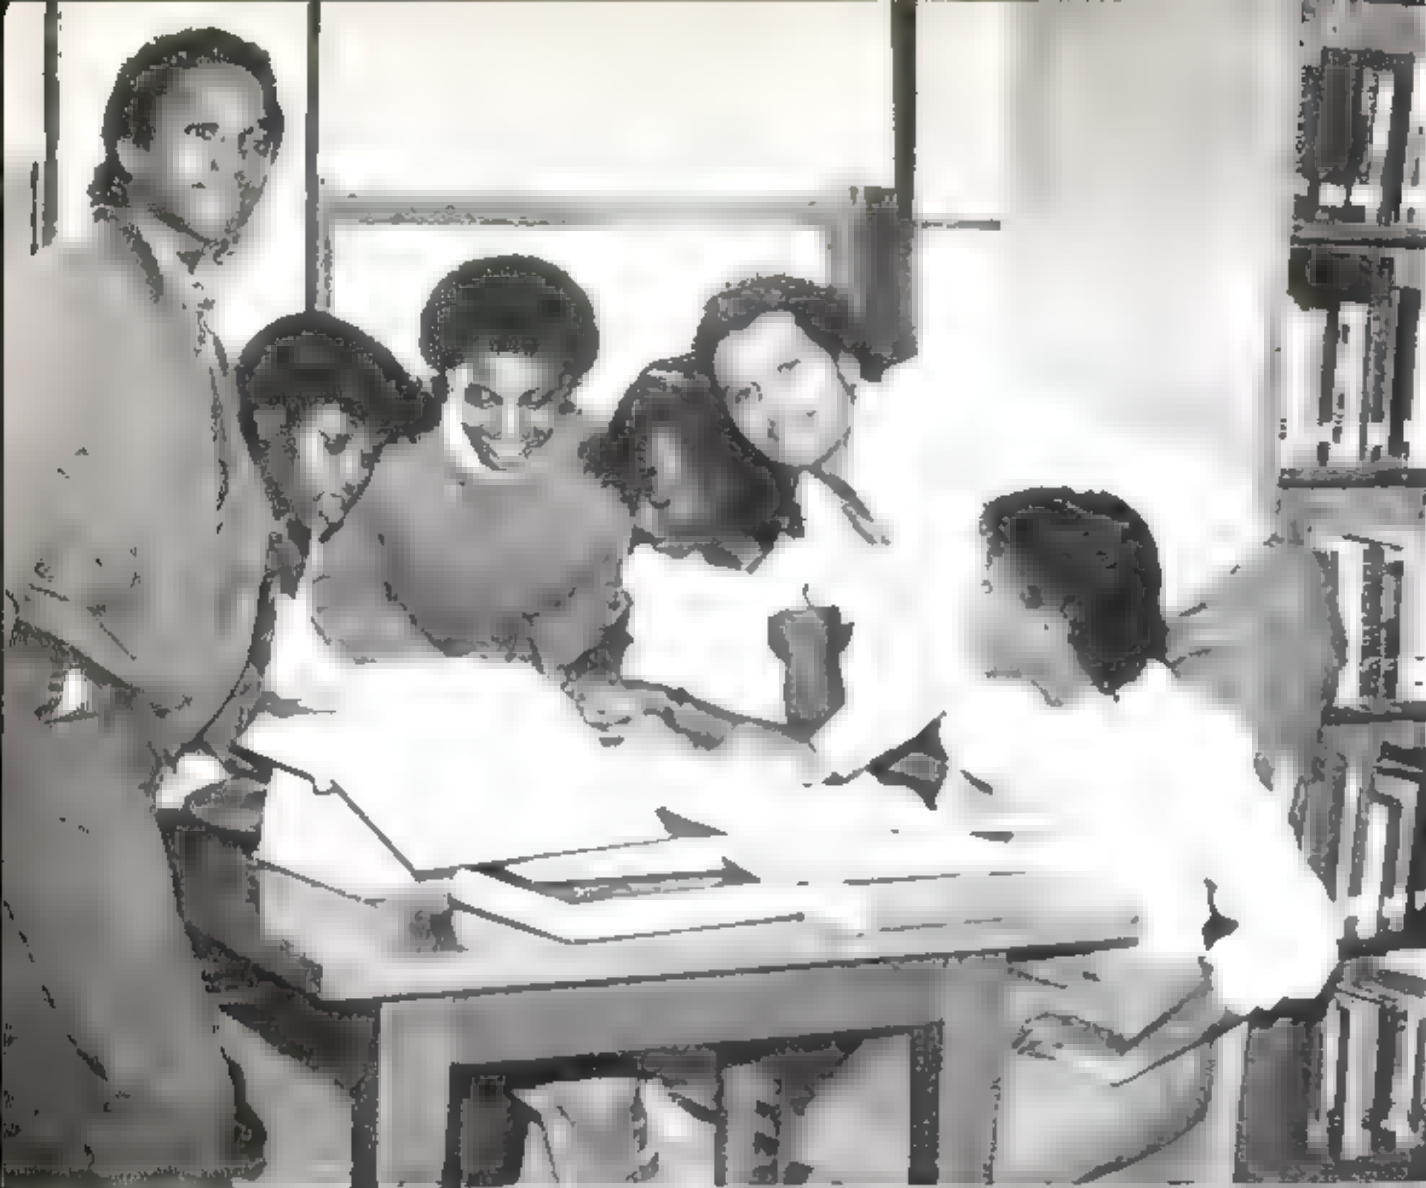

One of the most special times of the school year is our Homecoming. A tremendous amount of effort and imagination is spent on this yearly event

We have a Tech tradition of up-holding a special spirit at this particular time of the year

This Homecoming will remain in our hearts and minds as a special part of our lives.

PERSONALITIES

Student Body President of 1983-84

Monita Vining holds the position of Student Body President her senior year after having very active freshman, sophomore, and junior years. But it doesn't stop there. She also shows us her athletic abilities by participating in volleyball and basketball

We cannot go on without mentioning her academic standing. She is in the top 5% of her class and is holding on strong.

Mr. Tech of 1984

Joe Gonzalez

Because personality and character as well as involvement go into the choosing of Mr. and Miss Tech, Joe was the choice for Mr. Tech. Joe is a warm and caring student here at Tech and well deserves the honor of being chosen Mr. Tech.

He has involved himself in the Student Government Council, OEA, is a United High School Council Representative, and is President of our Senior Class. Joe has been a part of our winning football team besides being in the top 10% of the Senior Class.

He is well rounded both academically and athletically, a combination that brought him respect from his classmates and teachers.

Miss Tech of 1984

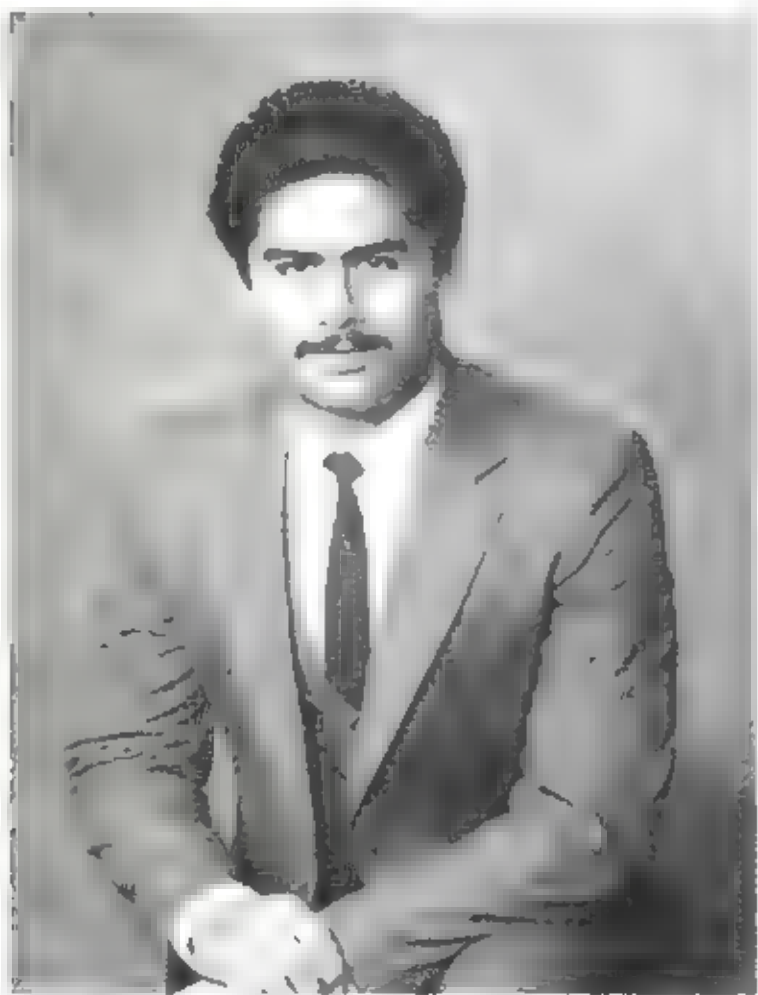

Monita Vining

Monita Vining is our 1984 Miss Tech, an honor that is well deserved. Monita has been active all her four years at Tech. Besides being our Student Body President, she is also the President of the Science and Math clubs, Junior Achievement, and the National Honor Society. Not only is she active in most of our organizations, she is also an athlete participating on the basketball team and on one of the best volleyball teams we've had in a while.

Besides having many interests, Monita has been able to maintain a high grade point average and is one of the top students academically in the Senior Class. Monita is a born leader whom others do not hesitate to follow.

The Time Has Come

Mrs. Elaine Beeman has taught at Tech for 24 years, although her teaching career began in September 1944. A graduate of Texas Christian University, Mrs. Beeman earned a Bachelor of Arts degree in Music and a Master's in English. Mrs. Beeman is presently involved with Senior Class of '84 and the National Honor Society.

In addition to attending baseball and football games, she includes dancing among her hobbies. One plan of hers after leaving Tech is . . . "to relive the pleasant memories by making scrapbooks of all the things I've saved." Her special advice to the students is, "True happiness lies in the ability to do the things one enjoys. The education and experience one obtains enables him to select more pleasurable activities. Thus, the road to happiness is education."

Grade books become history books for Mr. Theron Byrd after 36 years of the same routine. A graduate of Texas Wesleyan College, Mr. Byrd has taught Tech's students in American History and Government. In addition to his hobby of camping, Mr. Byrd has plans to spend his free time working at his church, in his garden and playing with his granddaughters.

Mr. Byrd recommends a technical education to students. "I would like to tell them to take better advantage of their technical training. Mr. Byrd is an asset that may never be replaced."

To Say Goodbye

Mr. Harold Reeder, an Industrial Arts graduate of East Texas State University, has been here at Trimble Tech for 24 years. When asked what his plans are after he retires, Mr. Reeder said, "I'm going to spend my summers in the Rocky Mountains on the headwaters of the Rio Grande fishing for trout in the summer and bass in the winter." Along with his acquired skill in Engineering Drafting, Mr. Reeder enjoys fishing and hunting. Mr. Reeder's outspoken and aggressive nature will be missed by all.

Mrs. Evelyn Main, after 20 years of being Trimble Tech's registrar, has decided to call it quits. Mrs. Main plans to spend most of her time playing with her four grandchildren Amber, Bobby, Micah and Micheal. In her spare time, she enjoys sewing and fishing. Mrs. Main leaves a bit of advice to Tech students. "Always be true to yourself and work for what you want out of life."

The Annual Staff would like to thank everyone who put their best effort in making this annual possible. Our special thanks goes to all these merchants who helped support us. Also, we want to thank T&G Studios and their employees for being so patient and understanding around deadline times. And we really appreciate Ernie Garza's art work; this is his third yearbook cover design. Thanks again.

As this yearbook is being sent to the publisher at the end of February, the seniors are beginning to realize that one of the greatest goals of our lives — to finish high school — is about to be reached. For many of us, the memories will remain as a bright spot in our lives.

Many of the people in our lives the last four years we will never see again. This is our sadness. It is the beginning of a new day for us and this is our joy.

Mr. A. Cam

Thank you for
helping me
up a great
year!
You made
the good work
year!

Love
Susan

To Frankie,
you have the
kindest heart I have
encountered in a long
time - honesty, love and
trust will carry you far in
life. I admire the way you "see"
with the punches" - it is important to
keep your head above water and always
know that you are just as good as
your neighbor. You work well with children
and should consider a career in education.

Dear Lillian (Frankie);

This is to inform an intelligent person that it's been a great year. Despite the great distance between us, & now, there is somewhat of a closeness. Well this is, the senior have come to blossom, and we're it. Despite our first period pressure, I've survived & you have too.

Lyndell Brown Jr.
